Project Data:

Lighting Retrofit

This project pertains to:

Higher Education

*Swinney Recreation
Center*

*Hospital Hill
Parking Garage*

Rockhill Parking Garage

Swinney Recreation Center:

Provided complete LED replacement of existing lighting. Existing facility consisted of fluorescent, incandescent and HID lighting. All fluorescent bulbs were replaced with LED bulbs and fixtures were maintained. HID lighting was replaced with new LED lighting in a one-for-one replacement. Documentation was providing for KCP&L rebates.

Hospital Hill and Rockhill Parking Garages:

Project consisted of a one-for-one replacement of the existing HID parking garage luminaires with new LED luminaires. Provided daylight and motion sensor controls. Provided documentation support for KCP&L rebates.

Hospital Hill is a seven level parking garage and Rockhill is a five level parking garage
